MLA ACADEMY OF HIGHER LEARNING

ACADEMIC YEAR 2022-23

Name of the Activity/Program	Certificate Course on Women in Data	
Name of the Forum	Skill Development Cell	
Date	02/12/2022 to 16/12/2022	
Venue	Computer Lab	
Number of participants	Teacher: –	Students: 51 Class: III B.Com -A
Organized in association with	Women Development Cell	
Resource Persons	Karthik S Yathish S Jyothiram	
Details of the Resource Persons	Lead consultant at LLF	
Detailed report	<p>The Certificate Course on "Women in Data," organized by the Skill Development Center (SDC) in collaboration with the Women Development Center (WDC), was successfully conducted from the 19/12/2022 to 02/1/2023, in the dedicated computer lab. The course aimed to empower female students with essential data analytics skills through comprehensive training on Excel, one of the most pivotal tools in data analysis. The intensive 15-day training program was meticulously designed to cater to the requirements of the III B.COM students, ensuring a blend of both theoretical knowledge and practical application. A total of 44 students, including notable attendees like Karthik S and Yathish S, participated in the course under the expert guidance of the Lead Consultant from the Learning and Leadership Foundation (LLF). The curriculum was strategically segmented into two key components: Basic Excel and Advanced</p>	

Excel on Data Analytics. This structure facilitated a progressive learning experience, starting from foundational concepts and advancing towards more complex data analytics tactics. The training emphasized the practical application of Excel functions, formulas, and tools to solve real-world data analysis problems. By the end of the course, students had not only enhanced their technical proficiency but also developed a deeper understanding of how data analytics can be leveraged in business and research contexts. The initiative marked a significant milestone in promoting data literacy among women, contributing to their skillset in the increasingly data-driven global landscape.

ACADEMIC YEAR 2022-23

Name of the Activity/Program	Certificate Course on GST and Income Tax
Forum	Skill Development Cell
Date	26/04/2023 To 16/06/2023
Venue	LC 6 and Computer Lab
Number of participants	106
Organized in association with	Laghu Udyog Bharathi (LUB) Karnataka
Resource Person	CMA Raveendranath Kaushik
Details of the Resource Person	Cost Accountant Raveendranath Kaushik & Associates
Detailed Report	<p>The Skill Development Cell successfully organized a Certificate Course on GST (Goods and Services Tax) and Income Tax for III B.Com students of MLA Academy of Higher Learning, aimed to provide comprehensive training in taxation matters. This course was organized in association with Laghu Udyog Bharathi (LUB) Karnataka and conducted from April 26, 2023, to June 16, 2023. The program was held at LC 6 and the Computer Lab, attracting a total of 106 participants. Understanding the fundamentals of Goods and Services Tax and Income Tax. Practical training sessions held in the Computer Lab for software-based tax calculations and filings. Special modules designed for small and medium-sized enterprises, in collaboration with LUB Karnataka. Certificates were provided to all participants upon successful completion of the course. We would like to express our gratitude to Laghu Udyog Bharathi (LUB) Karnataka</p>

	for their association, and a special thanks to CMA Raveendranath Kaushik for his invaluable contributions to the program.
Feedback Report	<p>The training session on GST and Income Tax has garnered extremely favorable reviews, successfully meeting its educational objectives. Most attendees highly commended multiple facets of the program, including its educational content and resource materials, with ratings primarily in the 'Excellent' or 'Very Good' categories. The relevance of the course content was universally acknowledged, and the instructors received high marks for their expertise and readiness. As for the impact of the course, a significant number of participants felt that their skills had been either modestly or markedly improved. Furthermore, the practical nature of the course was underscored by many stating their intention to utilize the newly acquired knowledge. Topics like 'Filing GST,' 'Benefits of Filing Income Tax,' and 'GST Tax Return' were specifically noted as being particularly useful, emphasizing the program's comprehensive coverage. Regarding course length, most found it to be 'Appropriate,' although a few suggested it was either too long or too short, indicating room for minor refinements. Interestingly, while the majority expressed increased confidence post-training, there were isolated reports of an 'adverse effect,' though these were not detailed. In summary, the feedback underscores the course's effectiveness in bridging knowledge gaps and empowering attendees with practical tools for handling GST and income tax matters. While the overall response was overwhelmingly favorable, there's a small scope for improvement that the organizers could consider for future iterations.</p>

ACADEMIC YEAR 2022-23

Name of the Activity/Program	Certificate course on women in data	
Name of the Forum	Skill Development Cell	
Date	18/04/2023 to 03/05/2023	
Venue	Computer lab	
Number of participants	Teacher: --	Students: 29 Class: II BBA
Organized in association with	Women Development Cell	
Resource Persons	Karthik S Yathish S	
Details of the Resource Persons	Lead consultant at LLF	
Detailed report	<p>The Certificate Course on "Women in Data," organized by the Skill Development Center (SDC) in collaboration with the Women Development Center (WDC), was successfully conducted from the 18/04/2023 to 03/05/2023, in the dedicated computer lab. The course aimed to empower female students with essential data analytics skills through comprehensive training on Excel, one of the most pivotal tools in data analysis. The intensive 15-day training program was meticulously designed to cater to the requirements of the I BBA students, ensuring a blend of both theoretical knowledge and practical application. A total of 29 students, including notable attendees like Karthik S and Yathish S, participated in the course under the expert guidance of the Lead Consultant from the Learning and Leadership Foundation (L.L.F). The curriculum was strategically segmented into two key components: Basic Excel and Advanced Excel on Data Analytics. This structure facilitated a progressive</p>	

learning experience, starting from foundational concepts and advancing towards more complex data analytics tactics. The training emphasized the practical application of Excel functions, formulas, and tools to solve real-world data analysis problems. By the end of the course, students had not only enhanced their technical proficiency but also developed a deeper understanding of how data analytics can be leveraged in business and research contexts. The initiative marked a significant milestone in promoting data literacy among women, contributing to their skillset in the increasingly data-driven global landscape.

ACADEMIC YEAR 2022-23

Name of the Activity/Program	Certificate course on women in data	
Name of the Forum	Skill Development Cell	
Date	03/08/2023 to 23/08/2023	
Venue	Computer lab	
Number of participants	Teacher: --	Students: 60 Class: I BBA
Organized in association with	Women Development Cell	
Resource Persons	Karthik S Yathish S	
Details of the Resource Persons	Lead consultant at LLF	
Detailed report	<p>The Certificate Course on "Women in Data," organized by the Skill Development Center (SDC) in collaboration with the Women Development Center (WDC), was successfully conducted from the 3rd to the 23rd of August, 2023, in the dedicated computer lab. The course aimed to empower female students with essential data analytics skills through comprehensive training on Excel, one of the most pivotal tools in data analysis. The intensive 15-day training program was meticulously designed to cater to the requirements of the I BBA students, ensuring a blend of both theoretical knowledge and practical application. A total of 60 students, including notable attendees like Karthik S and Yathish S, participated in the course under the expert guidance of the Lead Consultant from the Learning and Leadership Foundation (LLF). The curriculum was strategically segmented into two key components: Basic Excel and Advanced Excel on Data Analytics. This structure facilitated a progressive</p>	

learning experience, starting from foundational concepts and advancing towards more complex data analytics tactics. The training emphasized the practical application of Excel functions, formulas, and tools to solve real-world data analysis problems. By the end of the course, students had not only enhanced their technical proficiency but also developed a deeper understanding of how data analytics can be leveraged in business and research contexts. The initiative marked a significant milestone in promoting data literacy among women, contributing to their skillset in the increasingly data-driven global landscape.
