Number of participants	45 paper presenters and 150 participants
Organized in association with	THE INSTITUTE OF COST ACCOUNTANTS OF INDIA
Chief Guest and Resource Persons	CMA Devarajulu B, Dr.Chitra Rajan, CMA Raveendranath Kaushik, Mr. Glen Brass, Mr. BS Srinivasan and Dr. R. Krishna.
Details of the Resource Person	<ul style="list-style-type: none">• CMA Devarajulu B – Chairman, ICAI – Bengaluru Chapter• Dr.Chitra Rajan – Advisor and Mentor – United Nations• CMA Raveendranath Kaushik – Practicing Cost Accountant• Mr. Glen Brass – Founder and Principal consultant, people pulse, Bengaluru.• Dr. R. Krishna – CEO, Ramanaia Management Services.
Detailed Report	From Waste to Best: Fostering Sustainable Development and Youth Entrepreneurship – UN Advisor Chitra Rajan Bengaluru, India - The M.L.A Academy of Higher Learning 14th cross Malleswaram hosted a thought-provoking National Conference on Sustainable Development Challenges and Strategies for the Indian Economy and Business. The event witnessed esteemed

guests, including the United Nations advisor on renewable energy, Chitra Rajan, and CMA Devarajulu B, who graced the occasion as the chief guest. The conference shed light on innovative solutions to foster sustainable development while emphasizing the significance of youth entrepreneurship in shaping a greener future. Welcoming the distinguished gathering, Principal Dr. PV Padmaja set the tone for the conference. Smt. Sailaja Srinivas, the President of M.L.A., presided over the session, acknowledging the importance of the theme in today's rapidly evolving world. In her keynote address, Chitra captivated the audience with inspiring examples of converting waste into valuable products. From pineapple waste metamorphosing into stylish handbags to sugarcane waste transformed into resourceful products, Chitra demonstrated how innovative thinking can turn seemingly useless materials into assets for a sustainable future. She highlighted that such innovations could drive the change we need to tackle pressing environmental challenges. Addressing the delegates, Ms. Chitra urged the young generation to embrace entrepreneurship, particularly in the field of renewable energy. She stressed that the youth's dynamic energy and fresh perspectives are vital in driving the nation's sustainable growth. The conference continued with a panel session featuring CMA Ravindranath Kaushik, who enlightened the audience on the concept of social auditing. This approach, he explained, encourages businesses to assess their impact on society and the environment, fostering transparency and accountability in corporate practices. Srinivasan BS, Vice President of Laghu Udyog Bharati Karnataka, steered the conversation towards the significance of integrating renewable energy and sustainability into the minds of entrepreneurs. He emphasized that sustainable practices must become the norm for businesses to thrive in the long run. Dr. B Krishna, Chief Executive Officer of Ramanja Management Services, provided valuable insights into United Nations sustainable development projects. He reiterated the importance of youth involvement in such initiatives, as their ideas and enthusiasm have the power to drive meaningful change. The session was adeptly moderated by Glen Brass, Founder, and Principal Consultant of People Pearls Bengaluru. His skilled guidance facilitated engaging discussions and fruitful interactions among the participants. Throughout the conference, the speakers' messages resonated with the audience, inspiring them to rethink conventional practices and adopt sustainable solutions. The event successfully highlighted the potential of waste-to-best transformations and the pivotal role of youth entrepreneurship in shaping a brighter, greener future for India. The chairpersons skilfully connected the different paper presentation tracks, providing a platform for scholars and experts to exchange ideas, share research findings, and brainstorm innovative approaches. As the conference concluded, the prevailing sentiment was one of optimism and determination. The transformative power of sustainable development and youth entrepreneurship was evident, with attendees leaving inspired to play an active role in steering India

towards a greener and more prosperous future. The M.L.A Academy of higher learning conference has undoubtedly paved the way for more constructive dialogues and initiatives to address sustainability challenges. It is a reminder that when we harness the potential of our waste, we unlock opportunities for a more resilient and sustainable future.

MALLESWARAM LADIES' ASSOCIATION

MLA is a registered society striving for women' empowerment through education. Started in 1927, this all-women-managed institution has completed over 96 years. It has, under its umbrella, six educational institutions beginning from Kindergarten (KG) upto Post graduation (PG) course.

MLA ACADEMY OF HIGHER LEARNING

MLA AHL established in 2006, is a pioneering educational institution and is Professionally managed by the Malleswaram Ladies' Association. The institution is permanently affiliated with Bengaluru City University and is accredited by NAAC. The Institution offers undergraduate (BBA, B. Com, B.Com - Accounting and Finance, B. Com – Data Analytics and BCA) and postgraduate programs (M. Com). The College strives to fulfill its mission to instill in its faculty members and students a passion for learning and nurturing in them the spirit of inquiry and innovation. The college has a blend of young and experienced teaching faculty members from the corporate sector and academia. We, at the Academy, believe in imparting knowledge and stimulating creative thinking. We inspire students to aim sky-high and strive to achieve these by developing a positive outlook. The Academy encourages its students to excel in areas that they are passionate about.

ABOUT THE CONFERENCE

As one of the fastest-growing economies, India also has a demographic advantage with its large, young workforce. By 2030, India's middle class will be the largest in the world in number, representing an estimated USD \$6 trillion growth opportunity for businesses in the next decade, making India the third-largest consumer market in dollar terms behind US and China. Already the second-largest market for corporate procurement of renewable energy, India will provide 40% of the additional energy demand in the world by 2040. The country also requires USD \$1.4 trillion in capital investment for new infrastructure by 2024. Businesses have a critical role and opportunity in shaping these transitions in ways that build India's competitiveness and inclusivity, provide a low-carbon environment for growth, and secure sustainable livelihoods and profits. Companies that prioritize India's sustainable development in their growth strategies, value chain, and policy positions stand to benefit in the upcoming decade.

OBJECTIVES OF THE CONFERENCE:

·To integrate environmental considerations into business planning and decision-making processes, including product research and development, new manufacturing methods, and acquisitions/divestitures.

·To identify, assess and manage environmental risks associated with operations and products throughout and to reduce or eliminate the likelihood of adverse consequences.

To establish a formal Environmental Protection Program, set specific, measurable goals, and establish assurance programs, including regular audits, to assess the success of the Environmental Protection Program in meeting regulatory requirements, program goals, and good practices.

CALL FOR PAPERS

The participants are required to submit empirical/conceptual research papers in 3000 words. The paper should include abstract of 200 words, Key words, research gap, Objectives, Scope, methodology, analysis, findings, limitations and originality/value. The following themes / topics can be considered by the Authors:

- Green Economy Policy Framework and Implementation.
- Climate Change and its impact on Economy
- Sustainable Practices in Business (Operations, Marketing, Supply Chain Management, Human Resources Management, Finance etc)
- Renewable Energy
- Green Technology
- Sustainable Development Goals Implementation for India.
- Sustainability Reporting
- Corporate Governance and Sustainability.
- Sustainable Innovation and Business Growth.
- Sustainable Agriculture
- Governance and ESG Measurement.
- Green Practices in Workplace.
- Digital Finance and fin-tech and its role in sustainable finance.
- Carbon Tax
- Consumer behavior and sustainable consumption.
- Sustainable Marketing.
- Circular Economy
- Sustainable Product Design and Management

Or Any other topic relevant to the main theme of the conference.

IMPORTANT DATES :

- **Full paper Submission** : 20th July, 2023 | **Acceptance of Paper** : 24th July, 2023
- **Payment of Registration Fee**: 26th July 2023.

GUIDELINE'S FOR PAPER SUBMISSION

The papers presented in the conference will be published in Conference proceedings with ISBN number. Only unpublished, original, high-quality papers with minimum plagiarism will be selected for UGC Care / SCOPUS / WEB OF SCIENCE with extra publication charges as per the journal policy. Authors Will be intimated after the selection of Papers.

- An abstract of 200 words with not more than 5 keywords along with the details & affiliations to be sent.
- Full paper submission - not exceeding more than 5000 words.
- MS Word doc. A4 Size, Times New Roman Font, Size 12, Space: 1.5 Margins: 1 inch all around. Page numbering: Consecutively numbered pages
- Title page: The title page of the manuscript must include the title of the theme, author's name, affiliations, and keywords.
- References: Authors to follow American Psychological Association (APA).
- A Softcopy should be sent to: ah12023conference@gmail.com

REGISTRATION

Detailed Report

A comprehensive 5-day workshop on SPSS in research and data analysis was conducted. The workshop aimed to equip participants with advanced knowledge and practical skills in utilizing SPSS (Statistical Package for the Social Sciences) for research and data analysis. The 5-day workshop on SPSS in Research and Data Analysis provided participants with a solid foundation and advanced skills in utilizing SPSS for research and data analysis purposes. Participants gained proficiency in various SPSS techniques, enabling them to handle complex data analysis tasks effectively. The workshop contributed significantly to enhancing participants' research capabilities and fostering a deeper understanding of SPSS as a powerful tool for data analysis.

FEEDBACK : 2022-23

Title: FDP on Data Analytics using Open Source Software.

Name of Presenter/s: Mr.Shankar.M.M

Date: 7.6.2023 & 8.6.2023

For the following areas, please indicate your rating:

A. Content	1 Poor	2 Satisfactory	3 Fair	4 Good	5 Excellent
Covered useful topics				✓	
Practical to my needs and interests				✓	
Presented at the right level				✓	
B. Presentation					✓
Instructor's knowledge					✓
Instructor's presentation style					✓
Instructor covered topic clearly					✓
Instructor responded well to questions					✓
Well-paced				✓	
Instructor facilitated interactions among participants well					✓
C. Organization					✓
Time Management					✓
Physical Ambience					✓
Well Organized					✓
Technical Support					✓

C. How could this session be improved?	If participants were allowed to (participate in) work on real data with Sr. guidance it would be very helpful.
D. Any other comments or suggestions?	

E. Overall, how would you rate this workshop?

POOR FAIR GOOD EXCELLENT

F. Would like similar sessions? If yes, Specify the topic
